Name

Role in school

School

What is your general impression of the pack?

Which class/age groups have you used the pack with?

Which lesson(s) worked best in your school?

What do you think has been gained by using the pack by you as a teacher, and by the students?

How useful did you find the case studies?

Are there any areas in the pack that you feel need more information or need to be explained more clearly?

What was the most useful thing about the pack?

Do you have any suggestions for improving the pack?

Do you have any other comments?
